WHAT IS M.C.A. MANITOBA ABOUT...

M.C.A.M. is a non-profit trade organization affiliated with the Mechanical Contractors Association of Canada and represents plumbing and heating contractors in their relationship with the construction industry, legislative departments of municipal and provincial government and other industry-related bodies.

M.C.A.M. has a long record of service in Manitoba, having grown out of the Manitoba Branch of the Canadian Plumbing and Mechanical Contractors Association.

The affairs of the Association are conducted by a Board of Directors elected from the membership. Permanent staff facilities for day-to-day activity and representation of members' concerns are maintained in Winnipeg.

MISSION STATEMENT

To continually improve mechanical industry standards while providing a high level of value performance and customer service for our members.

To be carried out by the following:

- (a) By encouraging, supporting and promoting the advancement of the Plumbing and Mechanical Trades:
- (b) By advancing, encouraging and promoting all inventions and improvements in all aspects of the Plumbing and Mechanical Trades:
- (c) By fostering and promoting the interchange of thought and ideas and all problems and matters pertaining to the Plumbing and Mechanical Trades among the members of the Association and among other individuals or bodies interested therein and by compiling and distributing and by fostering the compilation and distribution among its members of all information useful in the practice of the Plumbing and Mechanical Trades, including information as to the credit ratings and risks of customers:
- (d) By making representations with respect to Federal, Provincial and Municipal legislation for the improvement of Plumbing and Mechanical Trades and Safety Laws:
- (e) By seeking for the members of the Plumbing and Mechanical Trades the promotion and coordination of relations with the manufacturers of and dealers in supplies:
- (f) By promoting, fostering and improving amongst its members relations between employer and employee and the training of apprentices:
- (g) By conducting trade promotion activities, including advertising, publicity and the holding of meetings, conferences, shows and exhibitions and otherwise to apprise the public of the scope and character of the aforesaid trades.

MEMBERSHIP PROGRAMS

Better management practices, business manuals specifically designed for mechanical contractor apprenticeship training. M.C.A.M. has its own Piping Industry Training Committee as well as representation on the Piping Trades Advisory Committee of Red River College.
